

SAKETH SEVEN STAR INDUSTRIES LIMITED

ISO 9001 : 2015

ISO 14001 : 2015

Our Story

We are a group of diverse personalities having one common trait: A passion to excel.

Our brand Prazision stands for precision and innovation at the same time catering to the needs of our clients.

At SSSIL, we believe our growth lies in our commitment towards our stakeholders and we shall preserve to achieve excellence in our work. After all, perseverance generates success.

Our Vision

To be one of the top five tool making companies globally offering a wide variety of tools across the entire spectrum of industries.

Our Mission

To acquire and attain clients by maintaining top of the line quality standards and constantly driving innovation through thought leadership.

Our Values

- Client first
- Focus on quality
- Automation focused
- Promote thought leadership
- Reward innovation
- Promote integrity and honesty
- Welfare of employees
- Encourage teamwork

Our Team

We have a team of experienced tool makers who have worked in diverse industries and have a combined tool making experience of more than 200 years. We have teams for specific industries which is led by an experienced tool maker in that particular field.

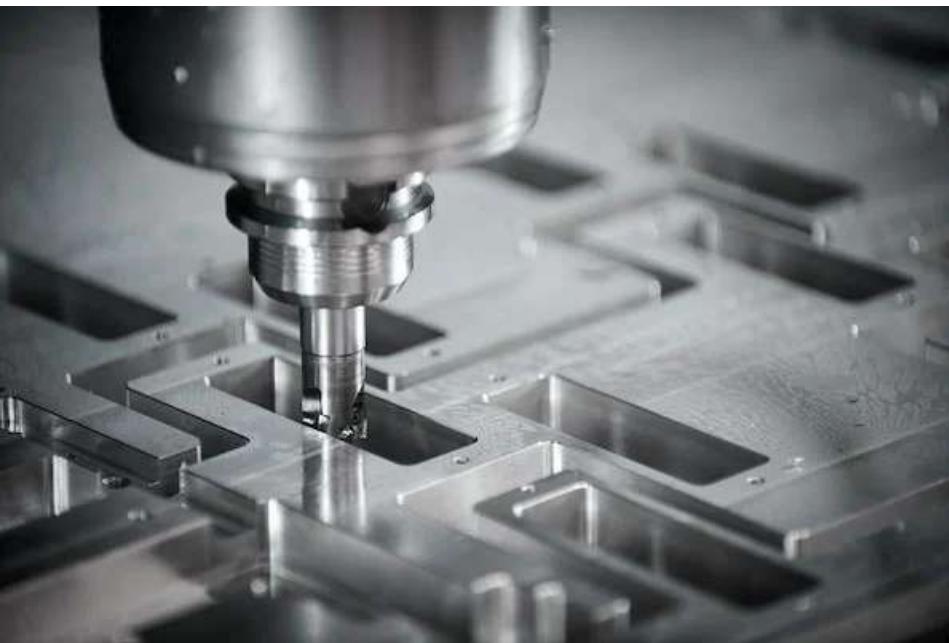

Machines

We also have the entire machinery setup to make tools in-house and not rely on any external factors. Our machinery list is given below:

- Wire-cut Machines
- Spark Erosion EDM
- Lathe Machines
- Drill Machines
- Milling Machine
- Shaping Machine
- Automated Surface Grinder
- Bandsaw Cutting Machine
- Centre-less Grinder
- Pentograph
- Hardness Testing Machine

Annual Maintenance Contracts

Machine maintenance is an integral part of ensuring consistent quality production. Through our extensive research we have discovered that having an organised set up for machine maintenance is the need of the hour for the manufacturing industry. We currently have a team of experienced individuals who have more than 100+ years of industry knowledge in the maintenance of Power Press Machines. This includes all types of power press machines i.e. Manual/Hydraulic/Double-Axle.

PRÄZISION
HIGH QUALITY DIES AND MOULDS

Why us?

- Professional tool making setup with an experienced team across different industries/sectors
- Dedicated client relationship managers for catering to clients' needs and requirements
- All machines in-house, no external reliability
- Raw materials purchased directly from the steel companies, no intermediaries
- All dies done Vacuum hardening, unless specified otherwise
- All quality testing machines and power press machines for trial are in-house
- ISO 14001 and ISO 9001 Certified
- At every stage of the tool making process we have an internal quality control resource who monitors the quality adherence matrixes/tolerances
