# OUR VISION

---

We believe in dynamic expansion resulting in further growth and creating a stronger foothold going forward with International collaborations. To consolidate position and image of **Tembo Global Industries Limited**, the management of the company has joined hands with **Rawlplug Limited (UK)** for distribution of their products which are highly sought after by consumers in India – primarily in the Western region. The distribution contract will be with Saketh Seven Star Industries Limited.

Expert in fixings,  
fasteners and tools

in **100** years

Professional products. Specialised services.  
Innovative training courses. This is what our offer  
consists of as a result of our 100 years in business.  
This is also a continuation of a vision that John  
Joseph Rawlings had for Rawlplug when he first  
started the company - to become the brand  
of choice for customers all around the world.  
At Rawlplug, we have knowledge and experience.  
We know and understand the needs of our  
customers. We provide them with support whenever  
they need it. Rawlplug is an expert you can trust.

## 2. INFRASTRUCTURE BUSINESS

---

The Rawlplug Company Ltd was born in 1919 after John J Rawlings' development of the first ever wall fixing.

Followed later was a series of innovations in products and services which shaped the construction scenario throughout the world. Today it is one of the world's leading fixing manufacturers distributing its products on every continent.

Innovation remains at the heart of Rawlplug's success, including significant developments of mechanical and bonded anchor systems, facade insulation systems and stone cladding fixing systems for safety critical applications.

**RAWLPLUG®**

### Inventions:

- World's First Expansion Plug "RAWLPLUG" in 1911.
- World's First Ever Mechanical Anchor "RAWLBOLT" in 1930's.
- World's First Metal Anchor for Drywall in 1948.
- "Zinc Flake Technology" which has better performance than HDG.

# CERTIFICATIONS

In 1999, Rawlplug became the first UK manufacturer to obtain European technical approvals (ETA) for cracked and non-cracked concrete. The company's quality system is approved to:

- European Technical Approvals (ETA)
- BS EN ISO 9001: 2015 for design and manufacture,

# CONCLUSION

---

Together with **Rawlplug**, we at **Saketh Seven Star Industries Limited** hope to grow and explore new horizons and ventures to achieve higher targets and look forward to make a mark in the industry.

A wide-angle, aerial photograph of a city skyline at sunset. The sky is a gradient of orange and yellow. In the foreground, there's a large industrial area with various buildings, some with illuminated windows. A highway or elevated road curves through the scene. The city skyline in the background features several tall skyscrapers, with one prominent tower having a distinctive spire.
